Hello Michele,

just a good news story for you.

I Attended the therapy planning meeting today, and things at St. William are very good. Don't get me wrong, they work very hard and they have some major challenges with a couple of students, but even when all is in place, their complexities will inevitably challenge us. At any rate, Michele does such a wonderful job of implementing everything!!!! We are blessed.

the therapists all together. I just need to go over the notes I took and fix up typos and such, then I'll forward it to you and Chuck.

It really is such a joy to hear about all that you are doing and all that you plan on doing with your students. You are so on top of everything!!!! I really appreciate the opportunity to work with you.

Take care,  
terri
