To Whom it May Concern:

I am writing this letter on behalf of Michele Allen, currently a teacher at St. William School within the Calgary Catholic School District. Michele has been a teacher with us for 6 years.

I worked with Michele in the capacity as her supervisor in my former role as Area Superintendent. Michele was asked to step in for her principal on a temporary basis three years ago when an emergent health issue arose. At that time, Michele took on this role and did a wonderful job, bringing a calming influence to the staff and parents. The school didn't miss a beat during the time that she took the lead.

Any time I have the opportunity to work with Michele or interact with her, I am always impressed by her professional demeanor and focus on what is best for students. She is an excellent teacher.

I would highly recommend Michele as she continues her career in education.

Sincerely,

Gary Strother
Chief Superintendent
